### ACEP LEADERSHIP AND ADVOCACY CONFERENCE OVERVIEW

Capture the attention of over 600 emergency medicine leaders at ACEP's **2026 Leadership and Advocacy Conference, April 26 - 28, 2026, in Washington, D.C.** This conference offers a unique platform to be recognized as a champion for physician leadership and the future of emergency medicine.

Attendees gather for concentrated training in leadership, advocacy, and the latest regulatory and legislative developments affecting the specialty. Plus, they engage directly with members of Congress and other key policymakers to address solutions to the nation's health care challenges, and critical issues impacting emergency medicine and patient care.

This conference is a cornerstone in advancing ACEP's advocacy priorities, and should be a cornerstone of your organization's engagement with emergency medicine's most passionate advocates.
